

SUN BEAMS

By WALTER M. BARRETT

Perhaps every paper you pick up today will have some version, a bit of history or feature stories concerning Thanksgiving. We therefore, will make it short and simply hope this is indeed a real occasion for thanksgiving for you.

We have heard rumblings during the past few days concerning the announcement that a large public utility company was planning to commercialize one of the few remaining natural lakes, unblemished by industries grasping hands. The reference is made to Independence Lake and while we are not familiar with the program planned, it might be well to investigate the report and if the occasion demands, enter a protest. We have far too few remaining natural lakes which are not under the direct or indirect control of one of the many utilities.

We do our hat this week to that enterprising committee which volunteered to go out and make an attempt to secure sufficient funds that we can again this year enjoy the winter sports program and all it means to Truckee. This committee consists of Mrs. Edith Fay, Chester Elliott and John Ciardelli. They are fully entitled to the thanks which they should receive. And we hope they have good luck in their work.

The chamber of commerce this week let it be known that that civic organization is not satisfied with the refusal of the fish and game commission to provide much needed protection against law violators on the Truckee and other streams in this area. They have again urged officials of the commission to make an investigation of the situation and employ a full-time warden. Whether the commission will see fit to do this is problematical, but the local chamber has indicated its desire to do its best regardless of the outcome.

GROTZIK PLEADS GUILTY TO BAD CHECK CHARGE

Mel Grodzik, former Tahoe bartender, pleaded guilty to passing a fictitious check in Truckee, in the superior court on Friday. Superior Judge Raglan Tuttle delayed sentence until December 3 when a report will be given by the probation officer.

CHRISTMAS PROGRAM TO BE FEATURE OF P. T. A. MEET HERE

The next regular meeting of the Truckee Union P. T. A. will be held Friday, December 3 at 7:30 p. m. in the grammar school. The program topic will be Peace on Earth, Good Will Toward Men. Rev. Ernest R. Everett will be the speaker. Singing of Christmas carols will add to the evening's enjoyment. A toy sale and grab bag are planned for the occasion and there will be gifts for all children accompanied by parents.

LOCAL PRESIDENT ATTENDS P. T. A. MEET

Mrs. S. E. Gordon attended the Third District meeting of the P. T. A. held at Galt November 17. Mrs. A. W. Price, managing editor of the California Parent-Teachers Magazine, spoke and emphasized the educational value of the publication. Several other notable speakers were were on the program.

To Visit Here—

Mr. and Mrs. Edward Goble and Mr. Scott of Vinton will spend the holiday with Mr. and Mrs. Chester Elliott.

Here From College—

Robert Gordon a student at the College of the Pacific at Stockton, is spending the holiday week recess with his family here.

Nevada Visitors—

Mr. and Mrs. William Englehart, Sr. and Mr. and Mrs. William Englehart, Jr., were in Wellington, Nevada, on Sunday where they visited relatives.

At Loyalton—

Mr. and Mrs. Benjamin Tonini, accompanied by Mrs. Clara Nelson and Hazel Pearl Nelson, went to Loyalton for a visit Sunday.

Ill at Home—

Miss Theresa Gordon was confined to her home this week with throat trouble.

CHAMBER REPLIES TO COMMISSION IN SEEKING FISH HELP

Ask More Consideration In Protection of Fish In District

TELLS OF VIOLATORS

Chamber In Meeting Here Urges Investigation Of Conditions

The chamber of commerce meeting here Monday directed a reply to the letter received last week from Herbert C. Davis, executive officer of the state fish and game division, urging the commission to reconsider its refusal to employ a full-time warden along the Truckee river and other streams in this area.

Davis, in his letter had stated that it was impossible to have more than one resident warden in each county and gave the local group little encouragement in its efforts to more fully protect the river against flagrant game law violators.

The letter drafted at the meeting Monday urged further consideration of the request and pointed out the fact that while local merchants are more than willing to plant fish after raising them with the cooperation of the San Francisco Flycasting Club, they do not feel that the \$1000 or more spent annually should merely provide revenue for market fishermen.

FIREMEN MARK ALL HYDRANTS BEFORE SNOW COVERS THEM

Members of the Truckee Volunteer Fire Department this week completed installation of markers at each of the fire hydrants so as to avoid any confusion when the winter snows cover them.

BIDS ON MAIL LINES TO BE RECEIVED BY POSTAL CHIEF

Proposals will be received at the office of the second assistant postmaster general in Washington until January 25, 1938, for carrying mail on three star routes in this vicinity, it was announced this week by Postmaster E. C. Bavie.

The first route is from Truckee to Tahoe City and return, six times a week from October 16 to May 15 when necessary because of trains not running. The contractor will be paid pro rata accordingly.

The second route is from Truckee to Hobart Mills, seven miles and back each day, seven days a week.

The third route is from Tahoe Tavern warf, by Tahoe Pines, Homewood Chambers Lodge and Pomins to Meeks Bay, 9.90 miles and back seven times a week from June 16 to September 15 of each year. Contractors not required to transport the parcel post mail for these offices.

Holiday Here—

Miss Amelia Zorich returned home from Wells to spend the week end at her home.

To Visit Here—

Miss Cora Bullard and Leland Laity came up from San Francisco to spend several days at the home of Mr. and Mrs. W. H. Laity.

Get Furniture—

To Hobart last week with a moving Mr. and Mrs. Joe Joutet returned van to take their household goods to Santa Cruz where they will make their home.

Truckee Is Given Mention On Air In Radio Program

It is not such a common occurrence when Truckee comes in for a bit of radio advertising that it can go by unheralded.

On the "Old Ranger's" hour Tuesday night, the locale of the story, concerning the adventure of that once famous prima donna, Adelina Patti, snow-bound in Truckee 53 years ago while en route to San Francisco, was none other than our still famous Truckee.

The story, heard by scores of local listeners, told how the great singer, while waiting for the railroad tracks to be cleared, lulled a local infant with her voice, thus attracting more than 50 local residents to the small house where she was temporarily quartered.

Two weeks ago Edwin C. Hill, the radio commentator, gave a three-minute talk on Hobart Mills and G. D. Oliver, the recent captain of industry there.

Stevens Returned To New York For Abscounding Fund

Tahoe Man To Face Trial As Extradition Waived; Goes East

John Stevens, 55, for six years a respected resident of the Lake Tahoe district, Tuesday started his return trip to New York in the custody of two police officers from that city who are returning Stevens to the eastern city to face charges of embezzling more than \$13,000 from the Knickerbocker Club of that city.

The specific charge upon which the warrants of arrest were issued was issuance of a fictitious check.

Stevens was arrested at Tahoe City on November 10 by Constable Harry Johanson and turned over to Sheriff Carl Tobiasen, who took him to the Nevada county jail.

G. E. McCarton and Chris F. Kelly, New York policemen, came for the suspect.

Although Stevens said he would waive extradition, extradition papers signed by the New York governor were brought, but never presented to Governor Merriam.

According to a press dispatch from Grass Valley, Stevens, when he left New York 14 years ago deserted his wife and son. He has since married and his second wife, who lived with him at Tahoe, says she will stand by him in his present trouble.

An attempt to borrow money on an insurance policy led to his capture.

Sheriff Tobiasen said he had a tip Stevens was in Truckee and had him located and arrested.

The American Surety Company which was on his bond and was compelled to make good his alleged defalcations, have been on his trail all the years since he left New York.

To Live in Reno—

Mr. and Mrs. William Cross left Thursday for Reno where they will make their home. They have been living at Hobart Mills for many years and Mr. Cross was in charge of the railroad engine.

Go To Capital—

Mrs. Cora Chubbuck accompanied by her mother, Mrs. Thibault left Hobart Saturday for Sacramento where they will visit for a few weeks with Mr. and Mrs. Jack Chubbuck.

Dinner Guests—

Mr. and Mrs. George Seymour of Brockway were dinner guests at the home of Mr. and Mrs. Frank Wilson on Monday evening.

Chamber of Commerce Meet—

The chamber of commerce will meet Monday at Besio's restaurant.

Getting Trees—

Jim Hagar of Portola was a Truckee visitor on Monday and Tuesday looking for Christmas trees. He was accompanied by Fosten Wilson who visited with Mr. and Mrs. Frank Wilson.

\$600 PLEDGED FOR WINTER SPORTS IN TRUCKEE THIS YEAR

Committee Busy As Goal Is Nearing In Drive For Funds

PLANNING ICE POND

Await Break in Weather To Start Surfacing Local Rink

With a break in the weather, Truckee may still have its ice pond other adequate snow and winter sports facilities.

This was assured this week when the volunteer committee announced they had received pledges for financial support in excess of \$600 to provide these facilities.

This committee is composed of Mrs. Edith Fay, John Ciardelli and Chester Elliott. They will continue their efforts until a sufficient sum is pledged to carry out the proposed program.

WHITTELL BUYS 3000 ACRES MORE LAND ON LAKE TAHOE

A press dispatch from Reno under date of November 19, says that the sale of 3,000 acres of Lake Tahoe property on the Nevada side of the lake to George Whittell, San Francisco sportsman, for approximately \$350,000 was announced by Norman Biltz, Reno real estate dealer.

The property was sold by the Bliss Company. It is understood that the new owner plans to develop the property and sell parts for summer homes.

On November 3, Whittell purchased 21,000 acres in the same area from the Hobart Estate Company and at that time the announcement was made that he planned development of a gigantic summer and winter sports area.

HOBART DESERTED WITH EXCEPTION OF FEW FAMILIES

Hobart Mills was virtually depopulated last week when but for the exception of six or seven families, all had gone. Those remaining plan to spend the winter at Hobart in the capacities of watchmen.

All activities of the once bustling Hobart Estate company have ceased with the office force being the last to depart.

Mrs. Hannah Stewart who was employed in the Hobart store for many years, will remain in charge of the post office which will not be discontinued.

SNOW AGAIN HITS TRUCKEE DISTRICT

With skies still overcast, but with predictions for more favorable weather, Truckee Wednesday morning was again blanketed with snow.

The storm was not as heavy as the first of the year two weeks ago, and only about an inch fell here. The fall was much heavier at the summit where nearly three feet are now recorded.

GOOD SKIING STILL NOT AVAILABLE SPORTS WARNED

With snow appearing in the mountains far in advance of any season for a number of years, winter sports fans are already making inquiries as to where they can go for skiing.

The Winter Sports Committee of the State Chamber of Commerce wants to caution snow fans that while snow is beginning to be deposited in appreciable quantities, good skiing will not be available for some time to come unless the storms continue and the fall is heavy.

At this time of the year, snow fall in the mountains is usually followed by rain which melts the snow rapidly. Due to the brush covered mountain areas, good skiing cannot be done on less than three feet of snow except in limited areas and that depth has not been reached any place in the state to date.

Sun Valley Films To Be Shown Here By Outing Club

First Meeting Scheduled To Discuss Plans For Season

The Truckee Outing club is opening its season with a showing of colored motion pictures taken at Sun Valley, Idaho, during the past winter season.

The pictures will be shown through the cooperation of the Union Pacific Railroad Company in the grammar school auditorium at 8 o'clock Monday, November 29. There will be no admission charge and the public is cordially invited.

R. K. Tompkins, a member of the Sun Valley Ski club, will accompany the pictures and describe the scenes and points of interest.

Members of the Outing Club Ski Team will hold a meeting Friday, November 26 at 7:30 p. m. in the Justice Court room to discuss plans for the coming season. Captain Bob Bowers will preside.

Bosse Property At Lake Sold To Reno Man At Auction

\$13,000 Is Paid For Tahoe Property By Reno Bidder

Elmer Berg of Reno was the high bidder for the Bosse property at Lake Tahoe Monday in a spirited auction held at the lake by Leo F. Schmitt, receiver for the Riverside Bank.

If the court approves the sale, he will be given a deed to the property. Twenty bidders participated at the auction. The offers opened at \$5000 and finally reached \$13,000.

The property contains 26 acres, has 600 feet of lake frontage and is two miles north of Tahoe City.

HIGHWAY 40 USERS ARE ADVISED THAT CHAINS ARE NEEDED

Although U. S. highway 40 between Sacramento and Truckee is in top shape for winter, motorists are advised by the National Automobile club not to attempt it without tire chains for emergency use. The state will make every effort to keep the road open but there are times when cars without chains are forbidden on the highway.

PISTOL RANGE WILL BE ERECTED HERE BY PEACE OFFICERS

With Deputy Sheriff N. F. Dolley presiding, the Nevada-Sierra Counties Peace Officers Association held a meeting here Friday night during which plans were discussed for the construction of a pistol target range for Truckee.

Officers Oscar Schumacher and Frank Titus were named on the committee to select the site and prepare the range. There were only nine of the officers present at the session, bad weather preventing a larger attendance.

One new member, Office Sproul of Grass Valley was initiated.

FOUR SIERRA PASSES CLOSED BY EARLY MOUNTAIN SNOWS

SACRAMENTO, Nov. 25.—(UP).—Early winter snows have closed four passes over the high Sierra, a survey disclosed.

Passes blocked to traffic are Sonora, Ebberts, Kit Carson and Tioga. No effort will be made to open them before spring.

Here from Capital—

TRUCKEE MAN IS INVOLVED IN SAD VALLEY ACCIDENT

Thomas Accidentally Shoots Young Friend During Hunting Trip

BOY DIES OF WOUNDS

Local Man Exonerated When Fatal Shot Wounds Companion

A tragic accident, involving a well known Truckee man occurred near Yuba City Saturday.

With his father, Howard Van Dyke, J. R. Sills and James Thomas, the latter from Truckee, Charles Van Dyke, 11, of Pleasant Grove, was hunting pheasants.

The father and the boy were walking on one side of a rice check and Sills and Thomas were on the other side with thick weeds separating the two parties. Sighting a bird, Thomas fired through the weeds. The charge struck the boy in the face and chest. He died in five minutes.

The Truckee man was not detained.

FOREST SERVICE TO PROVIDE LABOR ON NEW SKI COURSE

The forest service will furnish the labor to complete the ski jump at Galena Creek, according to word from Reno.

The Washoe county board of supervisors has voted to pay the cost of materials. Seventy trees will be cut to straighten the course. Experts say the course will be one of the best.

LADIES' NIGHT HELD BY DEPARTMENT ON MONDAY NIGHT

Ladies' Night was enjoyed by a good sized group of firemen and their wives at a dinner given Monday night at Bessio's restaurant.

The dinner followed a brief business meeting presided over by Chief N. F. Dolley.

SHORT WAVE RADIO FOR RAILROAD IS TO BE INSTALLED

The use of the short wave radio to be used in providing safety facilities is being seriously considered in this portion of their system by the Southern Pacific Company, the first to contemplate the step.

The company has applied to the Federal Communications Commission for a permit to install the radio communications system on the Sacramento-Reno line as an emergency service.

Officials said that the radio communication could be put into operation shortly after January 1 if the full permit to allow the operation of the system is granted. A construction permit has already been given by the commission and work has started at Norden and Emigrant Gap.

SIERRA SHELTER TO BE MEMORIAL TO SKI CLUB MEMBER

It was announced in San Francisco this week that a memorial shelter to perpetuate the memory of Peter Grubb 13 year old member of the Sierra Club, who died of a sunstroke in Capri, Italy two weeks ago, will be erected by the club on the Sierra Crest Trail, which Grubb helped to mark.

The shelter will be located immediately west of Castle Peak, four and a half miles north of Norden.

The sum of \$600 already has been obtained for the work.

Back From Visit—

Mr. and Mrs. Harry Oliver returned on Tuesday from a visit with their daughter, Mrs. L. Smith and family in Placerville.

THIS THANKSGIVING

When Mr. Tom Turkey comes riding into the dining room of millions of American homes, decked out on the silvery platter in all his pungent glory, there should be little brain cudgelling this year to find reasons for giving thanks.

We can gauge the measure of our thanks by remembering that it was a little band of settlers, faced with the rigors of fierce winter weather on the fringe of a vast, lonely continent, who were the first to celebrate a day of thanksgiving. And they gave thanks one autumnal day in 1621 on the occasion of their first harvest, even though sickness, massacres and wintry gales has fiercel assailed their numbers that year.

How much more, indeed, can America give thanks for today! Since that first humble feast over three centuries ago, a little colony has grown to one of the world's greatest nations and foremost democracies.

This Thanksgiving finds America fast emerging from the depression's wake, and it finds a million more people with jobs than there were a year ago. Though parts of the world are ringing loud with the bursts of war shells, America holds fast to her determination—to keep the Peace!

And that each of us is a member of one of Destiny's most favored nations, is further good cause for offering thanks on Thanksgiving Day, 1937!

THE SPECIAL SESSION

The speaker of the House and the President of the Senate banged their gavels, the chaplain uttered a prayer, President Roosevelt's message was read, and the special session of the 75th Congress began quickly marching into history last week.

En route, legislators must storm and conquer such obstacles as the problems of farm crop control, regulation of wages and hours, and —by no means least of all—relief for small business.

There's increasing evidence its just complaints are being heard along the rolling Potomac. The small enterpriser was beginning to demand, "How come?" when he found his savings-set aside for future expansion or the gusty weather of a rainy day—caught in the pincers of a device like the undistributed profit tax. This penalty on savings is due for a renovating to ease the pressure on small business.

What a whopping industry it's become—this job of making laws for a nation as gigantic, as prodigious in resources, as diverse in groups, as these United States! And how much higher our already mountainous heap of statutes will soar to, nobody knows. Since the first congress opened in New York in 1789 over 59,000 national laws have come into being!

Lawyers won't mind that, but what about the man in the street and the busy enterpriser who want fewer laws and wiser ones? Mr. Average Businessman may soon have to hire a full-time attorney to keep abreast of all the laws penalizing enterprise with a flood of over-regulation!

At any rate, a new candidate for Congress from New York got elected this month on the pledge to try "to repeal a law a day!" Some voters—maybe the over-regulated ones—have decided to reverse the trend.

SHOP AT HOME FOR CHRISTMAS

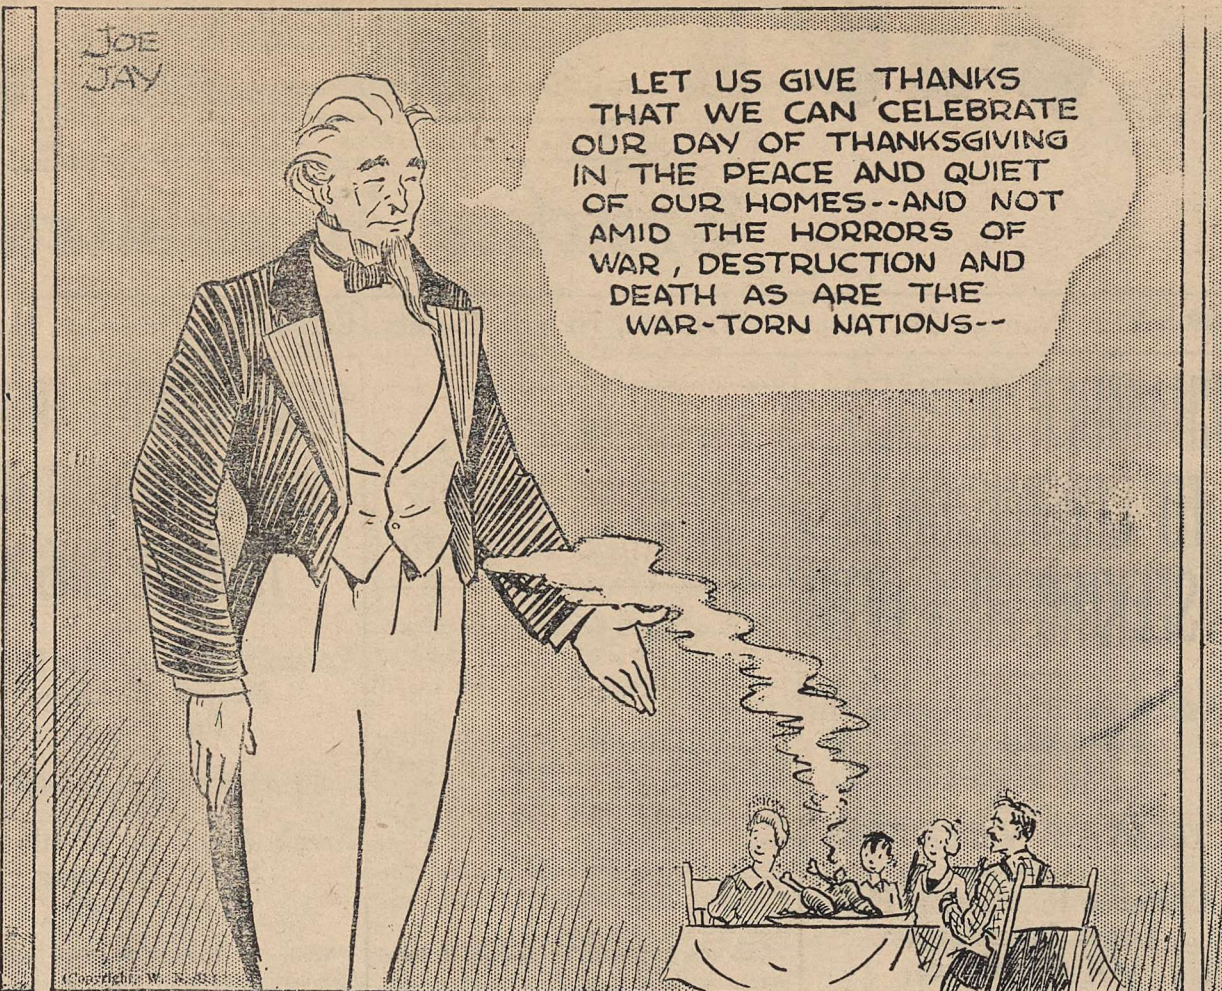

The first rush of the holiday buying is under way. Store windows suddenly sparkle with the colorful trappings of Christmas. Ads have a gift-season dash about them; there's holly in the atmosphere; Santa Claus is doing his stuff and there's gay secretiveness in all that surrounds us.

Our merchants are putting the best foot forward—in a delightful conspiracy we all applaud and enjoy. Christmas savings are ready to go into circulation. Christmas buying, for the next few weeks will be the common objective of all of us.

But where to do that buying? We are now making no appeal to support community stores just as a civic duty. True, money spent here goes to build purchasing power here; to help our tradesmen and clerks, and our merchants. But that, perhaps is not enough. We want the best price and the best quality; we want all our dollars can buy.

We do not quarrel with that; but we do urge that you compare price and quality with the prices anywhere. Local stores, in this day of highly efficient merchandising not only meet the competition of bigger stores in larger cities; often they can surpass it. They have smaller overhead. And you can have the added satisfaction of knowing that money spent at home means a greater measure of prosperity at home. Our local merchants have what you want—price and quality—and gay colored ribbons and the Christmas spirit to wrap the packages in. Let's shop at home this Christmas.

Something To Be Thankful For

Politically Speaking

By Jack Welter
United Press Staff Correspondent

SACRAMENTO, Nov. 25.—(UP)—Assemblyman Alfred W. Robertson of Santa Barbara who has been pushed around considerably in recent months may be able to capitalize on President Roosevelt's recommendations for relieving business of some of its tax burden.

Robertson, chairman of the interim committee on revenue and taxation, has called his group to meet in Santa Barbara on December 3. At that time, he indicated, he will submit proposals for reduction of the state's three per cent sales tax and its personal income tax—particularly as respects higher bracket incomes.

The Santa Barbara Democrat was the author of an income tax reduction measure rejected by the 1937 legislature. A bill he did get through although it did not effect taxation—allowed attorneys to challenge trial judges without cause. In the first actual test of the new law, the third district appellate court held it unconstitutional last week.

It may take the weight of the President's tax message to win a favorable recommendation of the Robertson committee for suggested legislation lowering income taxes. But some income informed sources believe such a tentative proposal may be drawn for the 1939 legislature.

Although the 52nd legislature—principally the Republican-controlled senate—bowed over a dozen varied tax relief measures—sales tax, income

UNCLE ABNER SAYS:

Jeff Moots wants th' gov'ment t' help his hardware business. He sez a nice check fer every pitchfork he didn't sell would help Aunt Sarah Peabody's sore at Seth cause he landed in her flowers when he fell off th' roof.

tax and others—there was a heavy deficit to clean up and the largest budget in the state's history to meet. The budget totaled \$438,000,000.

State officials now predict that the budget will be balanced by the time the November, 1938, election roll around. Thus, this serious obstacle to tax reduction theoretically, at least will be eliminated.

Assuming this picture remains unblemished by business and correlated revenue recession, interest charges will be materially reduced. There seems little reason why some of this

saving could not be used to reduce in this connection. taxes.

There is an amusing aspect to the picture of the 1937 legislature's record. Republicans were the first to belittle when the corporate surplus tax and other so-called soak the rich measures were put across in Washington by the New Deal forces.

Yet in California, it was principally at the hands of the Republican-controlled senate that tax relief bills got the guillotine.

Democrats are quick to point out that in the cast of the federal government, the money was needed to carry out the administration's huge recovery and relief undertakings.

Republicans, moving in the other direction in California, contend the money was needed to place the state (Continued on page 5)

Famous Christmas Story

An Ancient German Art

A FAMILIAR Biblical scene is eloquently portrayed in the simple group of carved figures above. The spirit of Christmas has been expressed with wonderful facility in the little figures of wood and wool. The scene portrays, of course, the angel appearing before the shepherds of Bethlehem.

The group is the work of German artists whose art has been perfected by centuries of patient effort. The artists may have had no regular instructions or training, but from generations of experience have acquired remarkable technical skill. A mu-

seum devoted wholly to this art has been maintained at Oberammergau since the sixteenth century. Some of the most beautiful examples of the art are the work of Anton Lang, famous for his portrayal of Christ in the Passion Plays.

The diminutive wood carvings present a great variety of subjects. The humorous figures of animals and the artists' conception of angels are especially appealing. The accompanying group will be shown at the Leipzig Fair, opening March 6. In recent years these wood carvings have become very popular in America.

TAHOE REGION NEWS

By Swanee

SKI CLUB PARTY TO BE HELD SATURDAY AS DRIVE PLANNED

TAHOE CITY, Lake Tahoe, Nov. 25.—The night of Saturday, November 27 has been set for the gala basket supper party to be given by members of the Tahoe Ski Club at 7:30 at the school house. All ladies attending will bring a basket or box, which she will share with the highest bidder. This manner of entertainment was attempted once before and proved highly popular besides giving the club a nice profit. Benefits from the affair will go to swell the club's treasury which still retains a modest balance after all bills are paid. Dancing and cards will conclude the evening and hot coffee will be available. Everyone is welcome.

Ski meetings will be held every other Friday night until regular weather sets in according to a decision reached at last Friday's meet.

A special ski club party will be planned for the Christmas holiday week, details to be announced later.

Sig Ulland, Tahoe's ace skier, is visiting for several weeks in Salt Lake City with friends. According to present plans his decision to remain at Tahoe for the winter has aroused enthusiastic applause as his excellent performances last year brought admirable recognition to the local club.

The club was advised last week that annual memberships are now due and a drive for new members is being inaugurated.

MISS WANDA NELSON WEDS KINGS BEACH MAN AT CEREMONY

Kings Beach, Nov. 25.—Surprising even members of her immediate family, Miss Wanda Nelson, daughter of Mr. and Mrs. Earl Nelson of Kings Beach, slipped away to Reno on Saturday and was married to Russell George, a resident of this district. The groom has been employed this summer with the Sierra Construction company in the Tahoe district. Members of his family who reside in Reno stood up for the couple who were wed by Judge Thomas Moran in the courthouse.

The newlyweds will defer their honeymoon until a later date when George's work is finished here. They are at present at home in one of the Nelson cottages.

Mrs. Jewell Becholdt and son Bill and Mr. and Mrs. Carl Becholdt, Jr., motored down to Berkeley for the football game last week end.

The Pomins, J. E., E. H., Stanley and Robert, came home with their customary luck, bagging their share of pheasants on the opening day near Gridley last week.

The \$150 promised by the board of supervisors has been approved, according to a report and will soon be forthcoming.

Tahoe's sanctioned meet will be held this year at Ski Hill Canyon on February 26 and 27. The meet will include all events.

THIRD BRIDGE PARTY PROFITABLE FOR CLUB HOUSE FUND

TAHOE CITY, Lake Tahoe, Nov. 25.—The third bridge party held by members of the Tahoe Women's club at Tahoe Inn on Thursday last was the most successful yet attempted by the group from a financial standpoint, \$34.60 being raised from the venture. Hostesses were Mesdames Jewell Becholdt, Marie Henry, Ethel Atherton and Eleanor Swanson. The tables were cloistered about the hotel lobby where a cheerful blaze burned in the open fireplace.

Truckee sent over her usual quota of guests, these including Mrs. R. Bick, who won first prize for contract, Mrs. Lottia Bryant, Mrs. Robert Tonini, Mrs. Percy Lazier, who took home a lemon cream pie, and Mrs. Agnes Mahne.

Tahoe ladies included Mesdames W. A. Simmonds, H. D. Worden, who took first prize for auction, Phoebe Darlin, Jess Sisk, Gerda Kvistberg, Jessie Nicholson, Ruth Mayfield, Irene Duffee, Evelyn Bliss, Barbara Spitzzen, Florence Kilner, Lee Garner, William Schleuter, Minnie Pomini, William Gibson, Bliss Hinkle, Amy Stineman, Myrtle Gallinger, Stella Watson, Misses Florence Vernon, consolation winner and Mary Pronzato, and Mrs. Pearl Heller of Meeks Bay.

Two trays of cream puffs, made and donated by Mrs. Swanson, netted approximately \$8 and went to Mrs. Nicholson and Mrs. Kilner with Mrs. Atherton claiming the second lemon pie and Mrs. Mayfield taking door and consolation prizes. Bridge parties will be discontinued until after the holiday season.

Worthy of mention was the generous and friendly gesture of Harold Langille of the Rotary Oil company who sent the women's club an unsolicited check for their community center building fund.

Mr. and Mrs. Lee Garner are now established in their winter quarters at Cedar Crest where they are caretakers.

Tahoe Ramblings

(By SWANEE)

Mr. and Mrs. Fenton Ball have been occupying the Garner cottage in the Bettencourt tract for the past month.

Tahoe school children are enjoying a week's vacation over Thanksgiving while the teachers, Mrs. Myrtle Gallinger, Mrs. Amy Stineman, Mrs. Bliss Hinkle and Miss Mary Pronzato attend teachers' institute in Sacramento.

Home from their respective colleges are Misses Kathleen Starratt Anderson and Lillian Vernon, Albert Henry, Jr., and James Worden. The Henrikson boys of Lake Forest, Charles and Oliver, are also home from their Oakland school.

Mr. and Mrs. Weller Atherton of Tahoe City are spending the holiday with relatives in Stockton. Jack Starratt Anderson is attending their grocery store.

Mrs. Stella Watson was honored at the Thanksgiving assembly party held last Friday at the local school auditorium in observance of her birthday. A song was dedicated to her and a box of candy presented by her little charges. A play depicting the first Thanksgiving was given by members of the elementary grades, supplemented by recitations and songs under the direction of the teacher, Mrs. Gallinger. Many of the parents were present.

PETITIONS CIRCULATE AS TAHOE PLANS NEW POST OFFICE

TAHOE CITY, Lake Tahoe, Nov. 25.—Keenest interest is being displayed at Tahoe this week as announcement was made that a new modern, artistic store building was to be erected at once. Otto Darlin, local electrician purchased from Mr. and Mrs. E. H. Pomini of Tahoe City that choice piece of property upon which the Tahoe Realty Company stands and which has 158-foot frontage on the main highway and runs in depth to the lake, located between the Tahoe Novelty shop and the corner of Grove street.

MEEK'S BAY ITEMS

Mr. and Mrs. H. M. Walker were in Truckee Monday afternoon paying the dentist a call.

Mr. Hans Hansen was in Truckee Monday on business.

Those luncheoning at the C. R. Heller's Friday were Mr. and Mrs. L. R. McWilliams, Miss Marie Johnson of Sacramento, Mr. Phil Gier of Rubicon Beach, Mr. and Mrs. H. M. Walker of Rubicon Point, Mr. and Mrs. Ed Perry.

Charles Heller, H. M. Walker, Radford Kiefer, Jack Hale, Phil Gier and Ed Perry brought in wood on Friday for the H. and W. Philanthropic Club.

Mr. and Mrs. Bert Western who have a summer home at Meeks Bay Vista, have returned to Hollywood where they have been engaged in a picture after a few days vacation at the lake.

Mrs. A. E. Lake is vacationing in Vista, Calif., near San Diego. She writes that she is having a splendid time in the southland.

We see Mr. Kiefer and Mr. Hale getting garages ready for the winter near the highway.

The H. and W. Philanthropic club of Meeks Bay met on November 18 with 23 members being present. Four new members were initiated, Mr. and Mrs. L. B. Hill of Alta Lake and Mr. and Mrs. Lee Garner of Cedar Crest. Mr. Phil Gier was host for the evening.

Mr. and Mrs. Ed Perry have taken quarters for the winter at Meeks Bay. Mr. Perry will assist Mr. Heller at the resort during the winter.

Mr. and Mrs. R. L. McWilliams of Sacramento have been the house guests of Mr. and Mrs. H. M. Walker at Rubicon Park for several days. The McWilliams were located at Rubicon Point CCC camp two years ago. They have been calling on their friends in the neighborhood. Miss Marie Johnson of Sacramento accompanied them and has also been a guest at the Walker home.

Mr. Cecil Bowman of Homewood left on Sunday for Sacramento where he will be located to be handy when the Southern Pacific company calls him for work. We are glad to still have Mrs. Bowman and Kenneth with us at the telephone station.

Now under construction is a building 32 by 70 feet which will be of imitation log finish and modern in every respect. The building will contain three stores and accommodations for a new post office.

At the time of the recent fire which burned all commercial buildings on Tahoe Commons, Postmaster Janet Watson could find no one willing at that time to erect a new post office building. Temporary quarters were offered at the Tahoe Inn, the only other accommodation being at the Tahoe Mercantile's Cash and Carry store where it has been established since the fire. While the best possible service is being rendered by Postmaster Watson, a permanent continuation of lack of lock boxes as at present would work a definite hardship on out-of-town patrons who cannot call for their mail regularly at a fixed time, especially during the stormy weather. Hours now are from about 9:30 until 12 and from 2 until 5 p. m.

A petition is now being circulated asking that the post office be housed in its own building with local boxes available to residents at all times. The petition seems to be receiving unanimous support. It was reported this week that a second petition was about ready asking that the present post office be maintained until next spring. Confirmation of this was lacking at this writing. However, it is believed that this will not prove a popular petition as many object to waiting unnecessarily for the lock boxes. While an emergency exists the present system is tractable, but to prolong it needlessly is under criticism.

Postmaster Watson has wired to Washington asking that an inspector be sent to settle the controversy. Following the fire, the only question which seemed of import to the townspeople was getting the post office off the commons and up on the hill.

In answer to many inquiries regarding a government-built post office, word has been received this week from Senator McAdoo stating that a post office must take in \$10,000 or more annually in order to be erected by the government. As the Tahoe intake is only slightly over \$4400 for last year, this would eliminate all possible government aid.

GAS TAX REVENUE EXPECTED TO PASS \$50,000,000 MARK

SACRAMENTO, Nov. 25.—(UP)—California's annual income from the three-cent per gallon gasoline tax probably will exceed \$50,000,000 this year for the first time in its history, the state board of equalization reported.

The tax for October amounted to \$4,308,581.28, bringing the total for the year up to \$42,968,661.33. Last year this source of revenue produced slightly more than \$48,000,000.

STEWART SPEAKS IN DEFENSE OF STATE SALES TAX

SACRAMENTO, Nov. 25.—(UP)—Fred E. Stewart, member of the state board of equalization, in a statement defending the sales tax, said the law which returns \$95,000,000 in annual revenues is an essential part of the California tax structure.

The sales tax is a result of the Riley-Stewart tax plan adopted by the state in 1933, which Stewart helped draft and put through the legislature.

Included in the provisions was a clause under which properties of privately owned corporations were returned from the state to the local tax rolls, while the state assumed additional public school costs.

Citing Sacramento as an example, Stewart said local taxpayers arevraged payments of 26 per cent less than would have been necessary if the sales tax had not been in effect.

He said: "Any movement which jeopardizes the sales tax endangers not only our school system but the other important humanitarian functions of government, such as our old age security program."

"Should something happen to the sales tax, the schools would have first call on other available funds, and every other state agency would suffer from a resulting shortage."

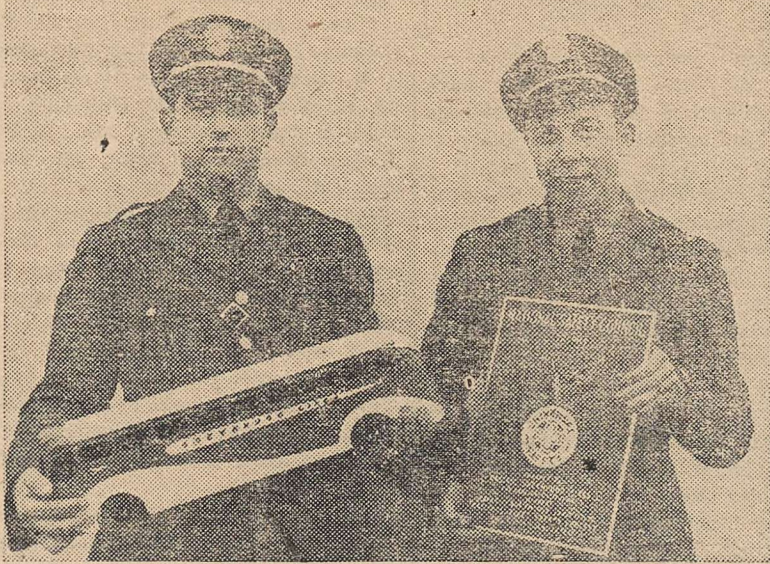

"Should the future prove that the income from the state sales tax is more than adequate to meet the fixed charges of the state, then it would be good government either to reduce the rate or make provisions for additional participation in the state's old age pension program."

FORT SUTTER TO BE MADE OVER TO CONFORM TO EARLY DAY APPEARANCE

SACRAMENTO, Nov. 25.—(UP)—Work of restoring historic Sutter's Fort here to as near its early day appearance as possible has started under the direction of state officials.

The alterations are in line with plans of the Sacramento Centennial Celebration committee to have the

Greyhound Wins Safety Award

Two of Greyhound's dependable courteous drivers proudly display the coveted Safety Trophy, won by Pacific Greyhound in competition with all bus companies in the country, and a model of the new Greyhound Cruiser whose safety features figured largely in helping win the award.

30 MEMBERS OF STATE ASSEMBLY NATIVE SONS, SAYS REPORT

SACRAMENTO, Nov. 25.—(UP)—Thirty members of the California state assembly are native sons, a recent survey revealed.

Of this total 13 are republicans and 12 democrats.

Several states are included among birth places listed by the remaining 50 assemblymen, although Iowa, popularly supposed to send large numbers of its citizens to California, boasts only two.

Michael J. Burns, Eureka democrat, was born in Ireland. John Pelletier, voluble member from Los Angeles, is a native of Canada.

Fort restored to its pioneer atmosphere for the exposition here in 1939, Harry Peterson, curator said.

Under the plans, General Sutter's old blacksmith shop will be remodeled while other buildings inside the walls will be given roofs of old-time shakes

GOVERNOR ISSUES PROCLAMATION TO FETE THANKSGIVING

SACRAMENTO, Nov. 25.—(UP)—Governor Frank F. Merriam, urging all citizens to assemble for prayer, meditation and worship and to display the flag prominently from public buildings, business establishments and homes, has issued a proclamation designating Thursday, November 25, as Thanksgiving Day in California.

Following is the text of the governor's proclamation:

"The first National Thanksgiving proclamation was issued by George Washington, President of the United States on October 3, 1789, in which he recommended to the people of our nation a day of public thanksgiving and prayer, to be observed by acknowledging with grateful hearts the many and signal favors of Almighty God, especially by affording them an opportunity peaceably to establish a form of government for their safety and happiness."

"The last Thursday in November was first observed as Thanksgiving Day in 1864 when President Lincoln proclaimed: 'I hereby appoint and is did not regard it as serious, ember as a day which I desire to be observed by all my fellow citizens, wherever they may be, as a day of Thanksgiving and praise to Almighty God.'"

"Our people have been privileged to enjoy over three hundred harvests since the Pilgrim Fathers observed the first Thanksgiving day. May we all, on this day, give thanks to the Almighty God, not only for the temporal blessings of life, but for the heritage which has been handed down to us by our ancestors whose sacrifices, efforts and achievements have made and preserved our nation as 'the land of the free and the home of the brave.'"

"In order that we may give thanks set apart the last Thursday of November at this time, a time when other parts of the world are involved in strife and threats of war, now, therefore, I, Frank F. Merriam, governor of California, do hereby proclaim, Thursday, November 25, 1937, as 'Thanksgiving Day' within the limits of this Commonwealth and urge all to assemble in their accustomed places of worship for prayer meditation and thanksgiving. As evidence of our remembrance and gratitude, may we prominently display the flag of the United States from public buildings, business houses and our homes."

GOOD HUNTING FOR DUCKS IS FORECAST FOR VALLEY AREA

SACRAMENTO, Nov. 25.—(UP)—The 1937 California duck season should provide hunters the best shooting in recent years, according to reports gathered by the state fish and game division.

The season opens at 7 a. m. Saturday, November 27, and closes at 4 p. m. Sunday, December 28.

With heavy flocks of ducks reported in the state's most popular hunting areas long before the season opening, storms in the north, considerable early rainfall—particularly in the Sacramento Valley—and comparatively moderate temperatures all forecast excellent conditions for the early part of the season.

Only two disturbing factors were noted. Hunters of the extreme northern and more mountainous areas protesting against the late season, contending that cold weather would freeze the water and send the flocks farther southward. An outbreak of duck disease was reported in Tulare Lake district of Kings county. Official for the blessings of peace which we however.

"White spots" on the sportsman's map, it appeared, would be in the Willows-Glenn-Colusa county regions, the lower Sacramento Valley near Woodland, the Los Banos-Dos Palos district in Merced county and Imperial Valley, Owens Valley and the Colorado River country near Needles.

E. L. Macauley, chief of the division's fish and game patrol, said reports indicated more ducks were resting on ponds in the San Francisco Bay and Delta regions than in several years past.

Butte county residents said thousands of ducks were "loafing at available watering places and conditions indicate a good season." Geese, however, appeared slow in arriving in the Butte-Glenn-Colusa rice fields.

Yolo's report said thousands of ducks have settled on large ponds created by water from a sugar plant beet washing near Woodland.

These reports were typical of those from most of the remainder of the state.

BUSINESS SALESMEN MUST HAVE SPECIAL LICENSE UNDER LAW

SACRAMENTO, Nov. 25.—(UP)—Real estate brokers and salesmen are required to secure a special license to engage in the sale of businesses or business opportunities under a new law passed by the 1937 legislature, according to J. Mortimer Clark, state real estate commissioner.

If they have previously engaged in this type of work, however, they may secure the necessary license without an examination by making application to the commissioner before November 27, he said. After that date a rigid examination must be passed and a fee of \$15 will be collected.

In order to take advantage of the exemption provision of the law, Clark said realty brokers and salesmen must have engaged in the sale of business opportunities for two years prior to August 27, 1937, effective date of the act.

\$434,255 PAID OUT FOR HUNT LICENSE DURING PAST YEAR

SACRAMENTO, Nov. 25.—(UP)—California hunters paid a record-breaking total of \$434,255 for licenses used during the 1936-37 fiscal year, according to H. R. Dunbar, chief of the fish and game division's bureau of licenses.

Although the 1936-37 series exceeded returns of the previous year by \$66,375, Dunbar predicted the 1937-38 capitation would show an additional increase of \$25,000.

The 1936-37 total included 199,315 sales of \$2 resident licenses, 23,731 sales of \$1 junior citizen licenses, 642 non-resident \$10 licenses and 77 sales of \$25 alien licenses. Total of all licenses was 224,050. One dollar deer tags found 126,855 purchasers, an increase of 16,047 over the previous fiscal period.

DEER HUNTERS IN STATE ENJOYED BEST YEAR IN 1937

SACRAMENTO, Nov. 25.—(UP)—California deer hunters experienced the most successful season on record, and probably the most successful in history, during 1937 in the opinion of Joe S. Hunter, chief of the division of fish and game bureau of game conservation.

With 31,890 deer tags returned to the bureau at the end of October, Hunter predicted that tags mailed late would show approximately 32,000 bucks taken during the 1937 season.

"It was the most successful season of any since the deer tag law was enacted 11 years ago," he said.

He said the figure at the end of October was almost one-fourth greater than that of October, 1931, a record year, when the total was 25,905.

POLITICALLY SPEAKING

(Continued from Page 2)

back on a cash basis, and erasing the huge deficit left by the depression.

For the second time in recent weeks the Merriam administration has been accused of substituting the spoils system for merit in selection of state jobholders.

The first barrage came from Chairman T. N. Harvey and member Frank Sykes of the board of prison directors who charged the governor with attempting to throw the Folsom warden ship to Clyde L. Plummer in a deal involving 25,000 southern California votes.

E. H. Christian, who recently vacated the chairmanship of the state personnel board, provided a sequel.

Christian, a Merriam appointee who has been off the reservation for some months past, first accused the governor of dictating award of high-salaried jobs of the Golden Gate International Exposition commission.

Christian's explanation of the methods assertedly employed was that examinations were delayed and political favorites were given temporary appointments. The temporary appointee, with a big edge on the remainder of the field, takes a simplified

examination when the six months are up and passes it 100 per cent of the time "if he has good horse sense", Christian explained.

He followed up this accusation with another that Lawrence Gross, applicant for the state narcotic inspector's job, passed written examinations, then deliberately "flunked" in his oral test because he had campaigned for former Governor C. C. Young, who opposed Merriam in the 1934 primary.

Most embarrassed public official of the week was Senator A. L. Pierovich of Jackson, shot by an irate farmer on the opening day of the pheasant season. Although Pierovich denied to scores of jokesters that he was wounded as he stooped to pick up a pheasant, the result was the same.

Probable Candidate for Governor

According to gossip in political quarters, Peirson M. Hall of Los Angeles, shown above, is a likely candidate for Governor or United States Senator on the Democratic ticket next year. Mr. Hall for the past four years has been United States Attorney for the District of Southern California and has made an enviable record. He is married and the father of two children.

This Week At The State Capitol

By JOHN ABBOTT

United Press Staff Correspondent

SACRAMENTO, Nov. 25.—(UP)—Clyde Plummer's selection as Folsom prison warden headlined the week's news and created a political situation certain to have far reaching consequences.

Appointment of the former Los Angeles police officer after a stormy session of the state board of prison directors brought into sharp focus the long drawn controversy concerning the successor to the late Clarence A. Larkin, killed during the September 19 rioting.

Member Frank Sykes of San Francisco, who with board chairman T. N. Harvey of Bakersfield cast his

vote for captain of the guard William Ryan, named the action "the beginning of a political control of the California prisons."

The majority vote, submitted by Donald Kolts, Los Angeles, Edward L. Abbott, Santa Barbara and A. R. O'Brien, Ukiah, three appointees of Governor Frank F. Merriam, edged Ryan out of the picture.

Judge Harvey charged appointment was dictated by political maneuverings of the Merriam administration. He asserted a resolution giving Ryan a \$50 monthly salary increase, passed over strenuous opposition of Sykes and Harvey, was a "sop to Captain Ryan."

The governor, since the story first developed, has denied any part in the board's deliberations.

Explaining the majority vote, O'Brien said Ryan told the board during a San Quentin meeting that he had decided to "quit" as a candidate for the wardenship.

"On November 17," O'Brien had a message sent to Judge Harvey stating unless the full board approved his candidacy he would not ac-

cept the wardenship. On November 18 the majority members of the board, decided upon Captain Plummer with the understanding Captain Ryan be retained as captain of the guard with an increase in salary of \$50 monthly."

Whatever the outcome, observers conceded, the final result cannot fail to react unfavorably to the Merriam administration.

Five Folsom convicts, meantime, went on trial for Larkin's murder. Buttressed with testimony of an eyewitness, trusty Richard Harrison, District Attorney Otis D. Babcock piled up a case against the defendants which admittedly was air tight.

Babcock planned to call Captain Ryan, seriously injured during the melee which resulted in Larkin's death, as his ace witness.

The California senate interim liquor committee opened a campaign against sale of liquor to sex perverts and persons afflicted with venereal disease.

Chairman Ralph E. Swing of San Bernardino county, said the idea has the support of the California Parent-Teachers Association.

With reference to venereal disease he said the use of liquor played an important part in causing the disease to be spread.

Governor Merriam met with a brief statement the charge his administration has tried to fill high salaried jobs on the Golden Gate International Exposition with political appointees.

Referring to the assertion made by former state senator E. H. Christian, personnel board member, that the governor was dictating the civil service appointments, Merriam said:

"He can talk to the board about that. I'm not having any trouble about that."

The state relief commission, meeting at Los Angeles, decided against grants of state relief money to continue federal sewing projects to be abandoned January 1 for lack of money.

The decision immediately caused protests, particularly from authorities of San Francisco and Los Angeles, where several thousand women have been employed in the work.

Relief administrator Harold E. Pomeroy who advised the commission to withhold its funds, said he believed the state's money would be taxed by further inroads if the present case was allowed.

LAMB BREAST WITH CABBAGE

Have bones removed from breast of lamb.
Spread it with bulk pork sausage, roll, and
tie or skewer in shape. Brown on all sides
in hot lard. Add 2 1/2 cup water, cover tightly,
and let cook slowly either on top of stove
or in the oven until done, about two hours.
Serve with cooked cabbage wedges.
